

Little EIFA

Growing theme

For one of our activities, we searched for flowers and plants to photograph. During the week the children had heard about bees and the work they do for us. We managed to see some bees, but not capture them on the ipad as they moved too quickly!

This week (above) vets and doctors have continued to be a theme. We had a bear needing some care and attention. We discussed 'bear'; what his injuries may be and finding a plaster for him to make him better. We shared a lot of caring, talking and fine motor movement in class.

Notre jardin...

Les enfants ont beaucoup apprécié leurs plantations. Grace à la maman de Wesley qui nous a fourni de magnifiques plantes, nous allons pouvoir les regarder grandir.

Calendar

Bank Holiday
29 May
Last day July 14

Staff Team

We say goodbye to Lilas after the Bank Holiday as she is leaving for family reasons and welcome Veronique who will work with us this term.

2simple

We have sent parents our first progress observation using the electronic platform "2Simple". If you have not yet received this please contact Diane. We will be sending out more observations soon.
