

Newsletter 6 January 2017

Dear Parents

The team at Little EIFA would like to wish everyone a very Happy New Year for 2017 and extend a very warm welcome to our new families.

We have enjoyed seeing everyone again and the children have, of course, been playing with their favourite resources. We have been enjoying painting with the cars, making patterns. We talked about moving up and down; round and round and have created lovely patterns which we transferred to paper. We will be displaying our work in the corridor for you to see. The children have been following instructions really well for clapping to the beat and joining in with some songs.

Next week we are going to investigate fruit and vegetables as a theme. We can look at colour and taste and use descriptive language. We expect to be using bananas, cucumbers, grapes, oranges, carrots, strawberries and tomatoes. All food will be cut appropriately. Please let us know if these foodstuffs present any difficulties.

We are looking forward to the term and all the adventures to come.
